The 21st edition of Eurocarb in Paris, Maison de la Chimie

July 09-13, 2023

Eurocarb is a leading international symposium in **Glycosciences** and a rallying point for academic and industrial players in the field, organized under the auspices of the European Carbohydrate Organization (ECO). **Eurocarb** covers all aspects of the glycosciences from glycochemistry to glycobiology, glycomics and glycobiotecnologies.

Eurocarb is a biannual event, taking place alternately with the International Carbohydrate Symposium and gathering between 500 to 700 participants from more than 40 countries. Eurocarb 21 will be able to host up to 850 participants.

Eurocarb offers many presentation possibilities: Plenary conferences, Keynote lectures, Oral presentations, Flash or Poster and attracts both the leaders of internationally recognized groups as the youngest researchers and more than a third of the participants are doctoral or post-doctoral students.

Eurocarb is the occasion chosen by ECO and publisher Elsevier for the presentation, during the opening ceremony, of two prestigious prizes:

- **The Emil Fischer Award**, awarded by the ECO, honors a working scientist for his contributions of excellence in Glycosciences. Created in 2009, this award recognized: R-R. Schmidt (2009), D. Crich (2011), A. Planas (2013), J-P Latgé (2015), C. Unverzagt (2017), C. Rovira (2019), T. Molinaro (2021).
- **The Carbohydrate Research Award**, rewards promising young researchers. Created in 2001, this award has recognized: L. Kiessling (2001), G-J. Boons (2003), P. Seeberger (2005), TL Lowary (2007), BG Davis (2009), M. Sollogoub (2011), X. Chen (2013), D. Vocadlo (2015), J. Codee (2017), A. Silipo (2019). All of them have become undisputed leaders in the field.
- In 2023, there will be **4 awardees: 2 Emil Fischer awards and 2 Carbohydrate Research awards**

Eurocarb is a discussion and networking forum where to present and learn about the most recent developments in all areas related to carbohydrates and related sciences. It is also an opportunity to identify challenges and future trends in scientific disciplines and associated technologies. For the **21 edition**, we want to highlight:

Interdisciplinary approaches, particularly those involving Chemical Sciences, through invited lectures and oral presentations in "interdisciplinary duo" to give the opportunity to two speakers to make a joint presentation of collaborative work.

Participation and exchanges with socio-economic players, such as decision-makers, CEOs and CSOs of industries, biotech, CROs and start-ups, to promote:

- Innovation through collaborations between academic and private researchers,
- Better knowledge of career opportunities outside the public sector by doctoral and post-doctoral students. To do this, we propose to organize round tables and moments of exchange between the young participants and the socio-economic actors.
- Improvement of the employability of young doctors, in line with the will of the ECO and the Eurocarb organizers.

Eurocarb offers the unique opportunity to meet young and senior scientists from academia and industry, from major French and European research sites. **Eurocarb allows, during 5 days, to communicate and forge privileged links with participants.**

The program is organized in such a way that maximum time is allowed for networking. Similarly, this offers **optimal conditions for companies to display and promote their activities and products.**

📌 Scientific Committee

The National Scientific Committee involves active members of the French Glycoscience Group and proposed a list of Plenary and Keynote Speakers for further approval and amendment by the ECO national representatives and past presidents.

C. Breton (Univ. Grenoble Alpes), K. Bouchemal (Univ. Paris-Saclay), Y. Blériot (Univ. Poitiers), P. Compain (Univ. Strasbourg), S. Collicec-Jouault (IREMER, Nantes), P. Delannoy (Univ. Lille), P-A. Driguez (Sanofi, Paris), R. Daniellou (Univ. Orléans), R. Fauré (INSA Toulouse), T. Fontaine (Institut Pasteur, Paris), C. Grandjean (CNRS, Nantes), S. Gouin (Univ. Nantes), A. Imberty (CERMAV, Grenoble), L. Lay (Univ. Milan), P. Lerouge (Univ. Rouen Normandie), S.Norsikian (ICSN, Gif sur Yvette), F. Pilard (Univ. Picardie Jules Verne), S.Perez (CERMAV, Grenoble), Y. Queneau (ICBMS, Lyon), M. Sollogoub (Sorbonne Université), R. Vivès (IBS, Grenoble), S. Vidal (ICSN, Gif sur Yvette), J. Xie (ENS Paris-Saclay)

The program

📍 Location: Maison de la Chimie, Paris

📅 From Sunday **09** to Thursday **13 July 2023**:

12 plenary presentations in the "Amphi Lavoisier"

40 min, i.e. 8h of visibility

20 Keynote lectures, in 4 parallel sessions

25 min, i.e. 8 hours 20min of visibility

4 Interdisciplinary duo keynote

40min, i.e. 2h 36min visibility

7 Coffee breaks:

30 min, i.e. 2h30 presence

3 lunch breaks

1h30, or 4h30 of presence

15 thematic to be inspired, share and develop ideas in all aspects of Glycosciences:

- ✧ New reactions involving sugars and mimetics
- ✧ Glycosylation and oligosaccharide synthesis
- ✧ Enzymatic synthesis and biocatalysis
- ✧ Green (glyco)chemistry and sustainable development
- ✧ Chemical (glyco)biology and bio-orthogonal chemistry
- ✧ Glycan arrays, probes and glycomics
- ✧ Biosynthesis and Carbohydrate Active Enzymes
- ✧ Glycans, pathogens and immunity
- ✧ Glycans in diseases and therapies
- ✧ Carbohydrates interactions and modelling
- ✧ Multivalency
- ✧ Analytical methods and spectrometry
- ✧ Polysaccharides physico-chemistry and formulation
- ✧ Molecular machines and nanotechnologies
- ✧ Artificial intelligence and deep learning for glycochemistry and glycobiology

The program

Plenary lectures from 4 awardees of the **Emil Fischer Award 2021/23** and the **Carbohydrate Research Award 2021/23**

Antonio MOLINARO

Professor
Emil Fischer Award 2021
University of Napoli Federico II
Italy

Daisuke TAKAHASHI

Associate Professor
Carbohydrate Research Award 2021
Keio University
Japan

Antonio MOLINARO

Professor
Emil Fischer Award 2021

- Previous **Eurocarb** meetings took place in Universities and Congress Centers. **For the 21st edition in Paris and for the first time**, Eurocarb participants and exhibition partners will be hosted in a venue dedicated to “facilitate meeting and exchange for all those interested in the Chemical Sciences” and “the advancement of Chemical Sciences in the broad sense and to the promotion of their applications”: **the Maison de la Chimie**.
- This prestigious historic site harmoniously combines XVIIIth century and Art Deco styles and is ideally located in the center of Paris. It belongs to the *Fondation de la Maison de la Chimie*, established in 1928 to commemorate the 100th anniversary of Marcelin Berthelot’s birthday. Since its inauguration, the 1st December 1934 in the presence of of *the President of the Republic Albert Lebrun*, the *Maison de la Chimie* has continuously evolved to offer the material conditions and technical equipment meeting the demands of symposium organizers, participants and exhibition partners.
- Exceptional, functional and warm lounges, dominated by volumes and light, constitute an environment conducive to the exchange of ideas and the presentation of Your products...

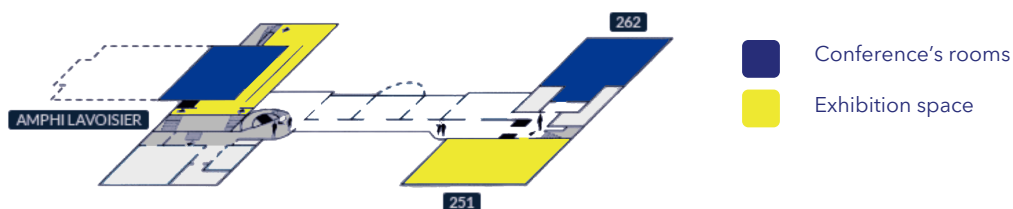

Exhibition spaces

Plenary and parallel sessions will be held in the *Amphithéâtre Lavoisier* (854 seats), the *Petit Amphithéâtre* (220 seats) and the rooms 162 and 262 (200 seats each). Their respective capacities of 854, 220, 196 and 204 seats (in regular conditions) allow hosting up to 850 participants.

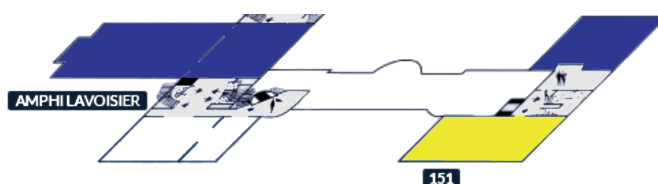

Exhibition spaces can be booked in visible locations in which Poster Presentation, Coffee Break and Lunch service, will allow you to meet the delegates throughout the time of the conference.

- Rooms 7, 32, 33, 34, 69, 151 and 251: exhibition and coffee breaks
- Room 8: exhibition, coffee breaks and lunches
- Amphithéâtre Lavoisier's foyer and Galerie : exhibition

Second Floor

First Floor

Ground Floor

Exhibition spaces

Salon 7

- Multi-purpose lounge
- Surface area : 46 m².
- Day-light, 3 big Windows overlooking the garden
- Ground floor of the central body.

Amphi Lavoisier

- Amphitheater with 854 seats (floor and balcony)
 - Air-conditioned
 - Fit with sound system
- Day-light foyer.
 - 5 windows overlooking the garden
 - 1st floor of wing 28 bis.

Salon 33

- Multi-purpose lounge
- Surface area : 55 m².
- Day-light, 3 big Windows overlooking the garden
- Ground floor of the central body.

Previous sponsors

They trusted us, as in every edition, the sponsors of the last edition, Eurocarb 20, in Leiden in July 2019 are:

At least 24 good reasons to sponsor Eurocarb 21

1. Eurocarb is a leading international symposium in Glycosciences and a rallying point for academic and industrial players in the field.
2. Eurocarb is a worldwide scientific event since 1981. 41 years of successful events.
3. Eurocarb21: up to 800 participants from more than 40 countries.
4. Eurocarb offers a unique opportunity to meet young and senior scientists from academia and industry, from major French and European research sites.
5. Eurocarb allows, during 5 days, to communicate and forge privileged links with participants.
6. Eurocarb give you a large WEB visibility in the scientific community.
7. Eurocarb's program is organized to allow maximum time for networking, thus offering optimal conditions for companies to display and promote their activities and products.
8. Several renowned sponsors in the field "and beyond", have trusted and supported us.
9. Showcase your company's expertise to your whole Glycosciences target group.
10. Learn about the latest ongoing researches and trends in Glycosciences.
11. Generate new sales and/or partnerships with delegates, suppliers and speakers.
12. Add new contacts to your marketing list.
13. Update the companies' contact databases .
14. Conduct market research for products in development.
15. Demonstrate new products and increase company sales.
16. Excellent networking opportunities during the symposium to promote your products and services to a relevant audience.

Why sponsor?

At least 23 good reasons to sponsor Eurocarb 21

17. An opportunity for your key staff to connect face to face with the most influential people, from researchers to institutional representatives in a single place over a 5 days period of time.
18. A large choice of different exhibition spaces, in prominent locations: main passages between lecture halls, coffee break's, lunch service's and poster session's rooms.
19. A unique opportunity to book a prestigious XVIIIth century lounge to promote your activities and products.
20. Multiple choices of exhibition spaces: from a whole room to 5 m² stands.
21. Numerous sponsorship options: plenary lectures, plenary or parallel sessions, reduced registration fees for PhDs, poster awards, coffee breaks, etc... detailed in the "Sponsors packs" section.
22. Possibility to present your activity and/or product in a 5 or 3 min flash-presentation at the beginning of a plenary or a parallel sessions respectively.
23. The logos of the sponsors will appear on the website: www.eurocarb2023.com, the first pages of the Pocket Program given to all **Eurocarb 21** participants and on the goodies according to the chosen package.
24. Eurocarb offers sponsors digital and print visibility, on the website, the social networks used, marketing support, leaflets and bags.

« DIAMOND » sponsor:

~~19 400€~~ / 17 000€

(excluding VAT)

- The prestigious **Salon 33** available exclusively for your exhibition.
- Oral acknowledgement at the opening and closing of the event.
- A sponsored Plenary Lecture of your choice.
- Oral presentation in 10 minutes of your company before the chosen sponsored Plenary.
- Your logo in all Eurocarb's documentation.
- Your logo in the first page, with a link to your website, from the Eurocarb website.
- Your logo in the Calico, high up in the entrance "Hall 28bis"
- 5 event's tweets, including your visible logo. from official Eurocarb's Twitter page.
- 2 thanks tweets, as a Main Sponsor of the event.
- Your logo in the photocall (the background wall of logos for photos)
- 4 Kakémonos: 2 on stages, 2 amphitheater foyers / hall entrances
- Sponsor a Coffee break / 100 pers.
- POS advertising at each coffee breaks.
- Printing of your logo on the goodies and bag.
- Special Leaflet or Flyer of your organization, in the bag.

Sponsor packs

⬢ « **GOLD** » sponsor:

~~12 650€~~ / **10 500€**

(excluding VAT)

- 10 m² available for your exhibition stand in the salon 7 or 69
- Oral acknowledgement at the closing of the event
- A sponsored keynote Lecture.
- Oral presentation in 5 minutes of your company before a Plenary
- Your logo in the Calico, high up in the entrance "Hall 28bis"
- Your logo in the Eurocarb site with link to your site
- Your logo in the photocall (the background wall of logos for photos)
- 3 tweets, including your visible logo from official Eurocarb's Twitter page.
- POS advertising at a coffee break/ 1U.
- Printing of your logo on the goodies and bag
- 2 Kakémonos: amphitheater foyers / hall entrances

⬢ « **SILVER** » sponsor:

~~10 950€~~ / **8 500€**

(excluding VAT)

- 10 m² available for your stand
- Oral acknowledgement at the closing of the event
- Oral presentation in 5 minutes of your company before Keynote
- Your logo in the Eurocarb site with link to your site
- Your logo in the Calico, high up in the entrance "Hall 28bis"
- Kakémonos: amphitheater foyers / hall entrances
- 2 tweet, including your visible logo from official Eurocarb's Twitter page
- POS advertising at a coffee break/ 1U.
- Your logo in the slideshow projected during inter-sessions
- Your logo in the photocall (the background wall of logos for photos)
- Printing of the logo on the goodies and bag

Sponsor packs

You can compose your PACK :

Sponsorship:

Sponsor the Welcome Cocktail (+ your logo on the calico and photocall)	21 000 €
Sponsor a plenary lecture	2 200 €
Sponsor five PhD students	2 000 €
Sponsor a poster session	1 700 €
Sponsor a keynote lecture	1 600 €
Sponsor a Coffee break / 100 pers	1 200 €

Compose your Pack:

Salon 33 available exclusively for your exhibitions	10 500 €
Salon 7 or 69 for a exhibition stand	7 500 €
10 m ² stand	3 500 €
5m ² stand	2 000 €
Oral presentation in 5 minutes of your company or product before a Plenary lecture	2 000 €
POS advertising at a coffee break / 100 pers	1 400 €
Slideshow projected during inter-sessions	1 400 €
Your logo in the Calico, high up in Hall 28bis*	1 000 €
Your logo in the photocall (the background wall of logos for photos)	1 000 €
Presence of your logo in Eurocarb documentation*	1 000 €
